

Embrace the Future with Sage Fixed Assets Subscription

Netflix. Spotify. HelloFresh. Zoom. Subscription-based products and services are quickly becoming the norm. Gartner research predicts over 80% of software vendors will change from perpetual license and maintenance to subscription. Your Sage Fixed Assets software is no exception.

Experience the exclusive benefits of subscription-only service, designed to make both your work and budgeting more effective and efficient:

- **Innovation at Your Fingertips:** With your subscription, you'll gain access to cutting-edge features and enhancements not available in perpetual licensing editions.
- **Dynamic User Management:** Adapt to the ebb and flow of your business needs with the flexibility to add or remove users as required, such as during tax periods or when onboarding new employees without the need to purchase additional licensing.
- **Premium Business Care at No Extra Cost:** Benefit from Gold-level Business Care service, offering unlimited FREE anytime learning sessions.
- **Budget-Friendly Payments:** Choose between flexible monthly and annual payment and licensing options, tailored to suit your financial cycles and cash flow.
- **Hassle-free Auto-renewals:** Bid goodbye to late fees and renewal headaches with auto-renewal via ACH or credit card.
- **Continuous Tech Upgrades:** Stay ahead of the curve with regular technology, capability, and security updates throughout the year.
- **Cost-effective Price Structure:** Enjoy lower annual price increases with subscription vs. perpetual.

So, why wait? Embark on the journey towards future-ready asset management with Sage Fixed Assets Subscription today!
